BP MARINE ACADEMY : CROWNING GLORY

To Four Decades of CIDCO Development

Development is indeed a multidimensional activity. The City and Industrial Development Corporation of Maharashtra Limited (CIDCO) completed four decades of planning and developing the new city of Navi Mumbai in March this year. Several partners of development played significant roles in CIDCO's Navi Mumbai Projects.

BP Marine Academy, under the leadership of its founder-chairmen RC Singh, plays a pivotal role in the development in the region.

RC Singh graduated in mechanical engineering from Sambalpur, Orissa, Shipping Corporation of India and in 1984 was sailing as 3rd engineer in merchant navy. In 1993, while sailing as chief engineer, a freak wave on the high seas off Cape town in south Africa tossed him into an array of pipes, leaving him with a cracked skull, seven broken ribs, fractured neck, broken leg and multiple injuries and apparently the end of a maritime career.

Rising like a sphinx from his 14 days coma and six month of hospitalization, the 80 percent disabled but indomitable RC Singh bounced back.

Transforming adversity to opportunity, handicap to advantage, RC Singh bid his time for four years, when he ran a PCO booth in sanpada, and struggled hard to get his compensation for the accident on duty.

The compensation came in 1997 and he invested all he got into the setting up to BP Marine Academy in a single office in Sai Pooja building in Sector 11, CBD. He learnt a simple lesson the hard way Universal Laws of Safety should not be neglected or ignored. So he began the BP Marine Academy with the first batch in 1998 in Elementary First Aid.

Today BP Marine Academy is housed on 1,10,000 sq. feet space in the same building and 15 acres land in Panvel, where RC Singh is building a world class maritime academy, catering to the needs of national and international maritime industry, providing the best facilities in the world. Having trained nearly 1,50,000 candidates for various IMO modular courses and 4500 candidates in pre-sea training in the last 11 years, BP Marine Academy has not only made yeomen contribution to provide employment and big earning to the country. BP Marine Academy, the catalyst that triggered rapid development in CBD, with its sprawling state of art campus on panvel has earned for Navi Mumbai region a place of pride on the world map of International Maritime training. With pre and post sea training courses approved by DG Shipping, Government of India and Maritime Coastguard Agency (MCA) Government of UK and Quality System Certification ISO : 9001 : 2000 from American Bureau of Shipping Industrial Verification Inc., BP Marine Academy with well qualified staff of marine engineers, navigators, academic and instructional experts was also rated Outstanding / Very Good by ICRA.

ALL ABOUT DREAMS, DESIRES AND DETERMINATION RISING STAR BADAL SINGH THE ICON OF NAVI MUMBAI

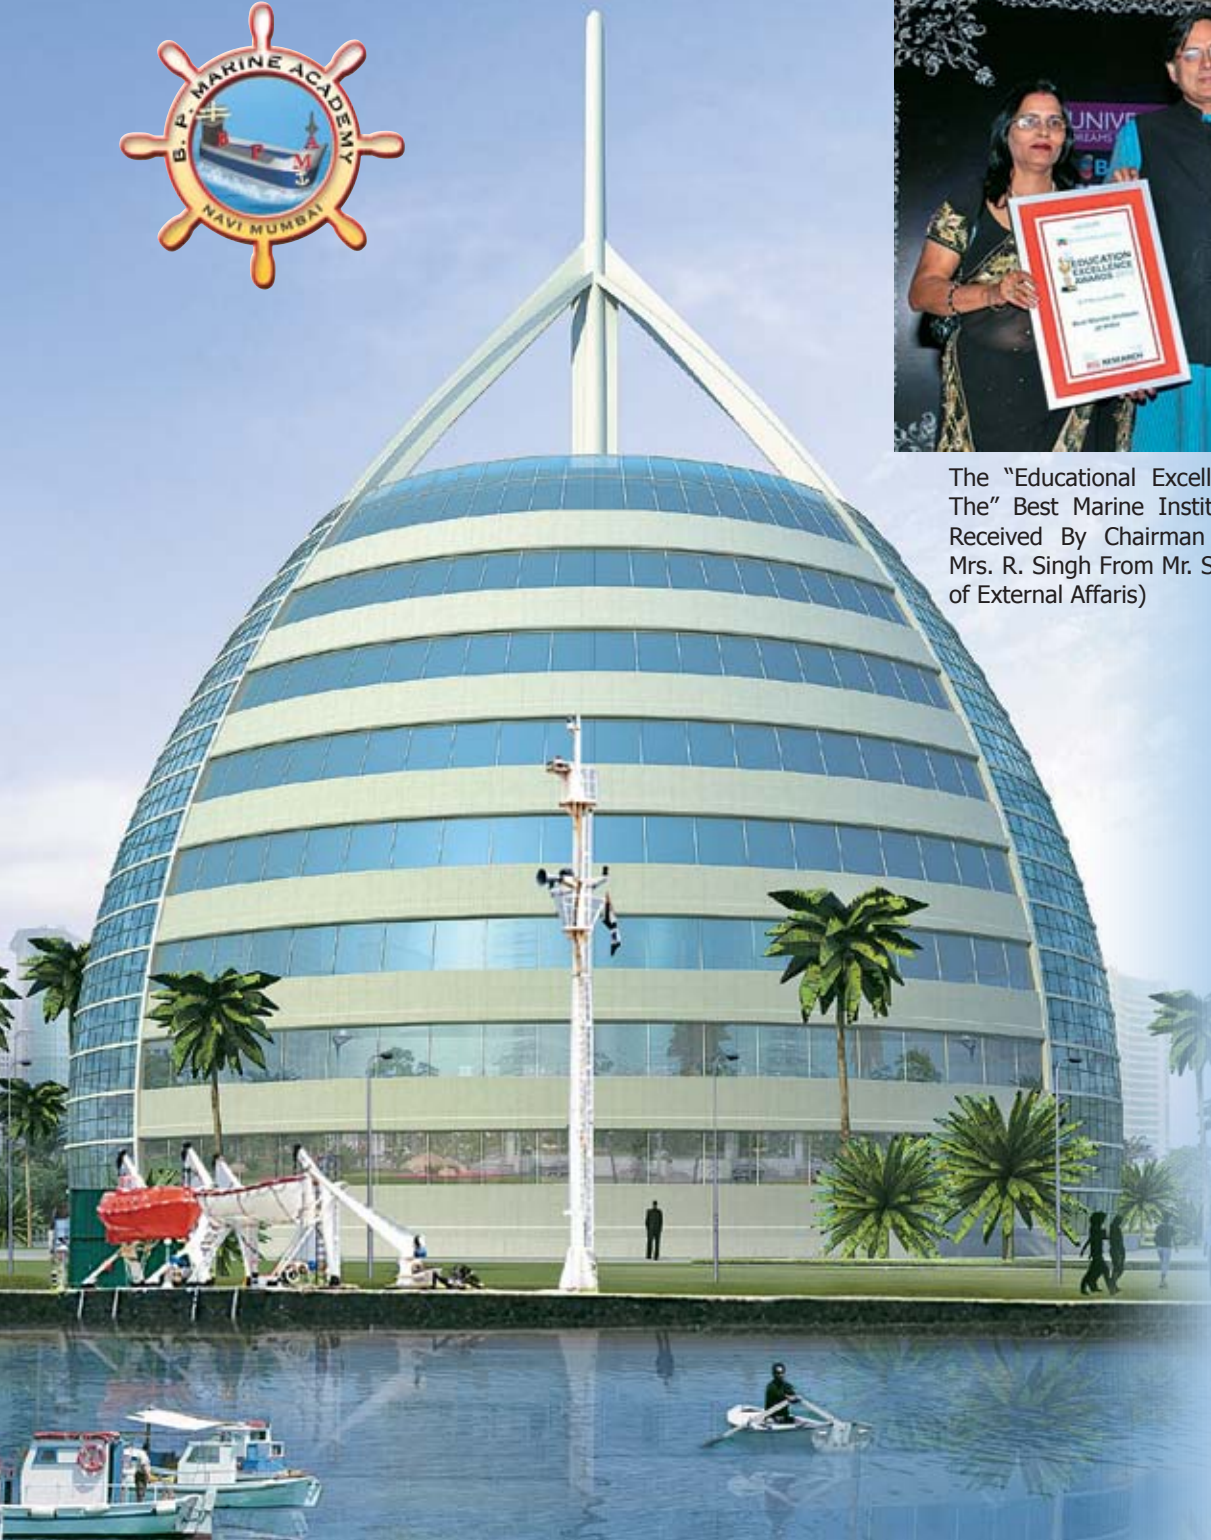

Badal Singh is the elder son of R. C. Singh. A dream that has expanded with time. R. C. Singh has kept the pioneering spirit burning as he embraces the new world of shipping industry with the values enshrined by his father. What began as a family business providing for regular good service to organizations has transformed into a global shipping industry. In BP Marine Academy, B stands for Badal and now he is already a captain taking over command from his father. At a time when youngsters are steered towards other so called stable and safe professions in their lives, were Badal want to remain in the shipping industry and sow the seeds of hard work here.

The saga of BPMA and particularly R. C. Singh is a perfect role model for Badal with an indomitable spirit to fight all odds and handicaps and emerge a winner. Badal feels that his father is a living example of converting adversity into opportunity. Nothing can stop a visionary. His father Mr. R. C. Singh converted his mistake, his adversity into a grand opportunity and started elementary first aids courses in one room with a vision to build a world class academy for training sea-fearers. Badal is already on the footsteps of his father. The legacy of B. P. Marine is carried forward by Badal Singh, who is the director of BPMA.
